

*Thank You  
&  
A Tribute*

We want to thank our family and friends for being here today to join with us in this special celebration.

There are two people who are not here with us today — Grandma and Grandpa Straight. Although we all miss them, we know they are in a better place. Today, we want to remember and honor them for being the wonderful grandparents that they were while they were here on this earth. I know if they were here today, they would be so proud of my accomplishments and my choice for a husband.

We love and miss you, Grandpa and Grandma!
