ALL TRIBES LIGHTHOUSE MISSION

Blind River, Ontario

OUR PAST

All Tribes Missionary Council was part of the vision of some Pottawatomie men. It was really probably part of the heartbeat of Chuck Pamp (Pamp-tapii) back in the days of the "GI's of the Cross." They saw and felt the need of their own people. Athens Indian Camp, between Union City and Athens, Michigan, was born out of this.

Time went on and the need for the message to go out was shared at a Bible School in West Virginia. A young man took the challenge and went and scouted out the area and held services. Some unfortunate land situations followed that. However, in spite of the problems, the vision was not lost.

Within three hours' driving time are at least 15 other Reserves.

There were people that came and ministered at the Thessalon First Nation and also here at Missis-saugi. Yes, there were highs and lows of these efforts but the dream lived on. That original dream of those years gone by has become reality because there were a number of people that fanned the burning flame of some men that had a burden for their own people.

THE PRESENT

Today along the North Shore of Lake Huron we have a mission base, All Tribes Lighthouse Mission, with great potential. We have a mission station that has been consistently operating for over 20 years. It has had and is having some great times of outreach. However, it has much room for development and improvement in the areas of ministry. Yes, there have been many ups and downs over those 20 years but the dream lives on.

Loving is more than just saying so.

OUR FUTURE, WITH GOD'S HELP

From our base there is much potential! We have the ability to bring people in as well as go out. We have potential that has not even been tapped. The question then comes, "Why have you not developed those areas?"

Chantel is Tommy Rodgers' daughter – Tommy was one of our former Good News Kids.

There are two reasons and we trust you will make them a matter of prayer and ask what the Lord would have you to do. One of them is staff. We do not have the people to do the work but neither do we have the finances. We have about all we can do to keep base one open and going.

Oh, that people would not only hear the call of God but answer it! Then that people would stand behind those with finances. It takes all of us to make a team — those who go and those who stay, and pray, and give.

Bring a group — come and invest yourself for a week!
